

Hotel Catalina – Catalina 36 #883 – mast boot replacement

The mast boot of Hotel Catalina was very tired, taking advantage of an order I had to do with defender I added an universal mast boot to my shopping cart!

Fits masts with circumferences of 23" and larger with corresponding collars of up to 37".

Click the "More Info" button above for specific information about that product.

The existing mast boot had been installed during the mast setup, so it was in one block.

The new mast boot is setup, I am not totally happy with the quality of my job, but it definitely looks better than what it

used to look like.
